

GUYSON FLASHBEAD

for use with dry compressed air systems

GENERAL

Guyson Flashbead is a specialised non-abrading polystyrene thermoplastic product, produced for use where other deburring or deflashing products such as Thermoflash and Flashgrain are too large.

TYPICAL APPLICATIONS

Deflashing thermoset plastic mouldings and die castings, deburring machined metallic or sintered components. Intricate deburring of fine slots and knife blade edges after grinding without sharp edges being affected.

Chemical Composition	Sizes Available	Nominal Size (microns)
Styrene Divinylbenzene Copolymer		225

Physical Data

		Pack Size
Shape	: Spherical	15 kg box
Colour	: Clear /White	25 kg box
Specific Gravity:	1.05	
Hardness	: Mohs 3.5	

See Guyson MSDS reference 26 for all other details

Flashbead is a non-toxic and non-hazardous product that contains no free silica. No special disposal precautions are required for the product once it has been used for blast finishing purposes. However, contamination from a specific application or process must also be considered prior to disposal
